Good Afternoon Fred...

It doesn't look like anything has happened here. What can we do? Have you had a chance to visit the site yourself? Is it possible to get a specific remediation date? Thanks!

In front Ave 8647 S. Sepulveda at the crosswalk that crosses the street, the handicapped yellow pad is in disrepair and presents a tripping hazard. The city should repair this as soon as possible to alleviate the liability. please let me know how we can assist in any way. Thanks Fred for taking care of this for us.
